### **DETAILED ACTION**

1) Claims 272 to 308 are pending in the instant application. Claims 273 to 280, 285 and 286 have been amended as requested by Applicant in the correspondence filed 19 July of 2007.

2) Any objection or rejection of record that is not expressly repeated in this action has been overcome by Applicant's response and withdrawn.

3) The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

### ***Claim Rejections - 35 USC § 112***

4) Claims 272 to 308 stand rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention for those reasons of record on page 2 of the office action mailed 19 April of 2007. As stated therein, claim 272 is vague and confusing because it requires "a human T1R1 polypeptide having the amino acid sequence encoded by SEQ. ID. NO: 17", which is an amino acid sequence. It is unclear how the amino acid sequence presented in SEQ ID NO:17 of the instant application can "encode" an amino acid sequence. Claims 273 to 308 are vague and indefinite in so far as they depend from claim 272 for this element.

### ***Double Patenting***

5) Claims 272 to 308 stand provisionally rejected on the ground of nonstatutory double patenting over claims 287 to 338, formerly claims 235 to 286, of copending Application No. 10/724,223 for those reasons of record on page 6 of the

office action mailed 19 April of 2007. This is a provisional double patenting rejection since the conflicting claims have not yet been patented.

***Response to Arguments***

6) Applicant's arguments filed 19 July of 2007 have been fully considered but they are not persuasive.

***Conclusion***

7) **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
